A Message from the Owner

Hi families,

March has been such a lovely month across our homes. We had a great time celebrating St. Patrick's Day. Being Irish, it is always a special one for me, and I especially enjoy celebrating it in our homes because our residents and our caregivers have so much fun with it. It's always nice to see everyone come together and enjoy the day.

As we move into the spring season, we also recognize March as National Nutrition Month. While we always focus on well-balanced meals, this month we made an extra effort to include the snacks our residents love while also introducing new, fresh, healthy options.

During the recent heat wave, I connected with each home to ensure we continue to follow all recommended safety precautions, especially since our residents are considered a sensitive group. We have been focused on keeping everyone comfortable with air conditioning, extra fans as needed, light clothing, refreshing snacks, and plenty of water throughout the day.

We also had the joy of celebrating a few very special birthdays this month. Michiko celebrated her 86th birthday, Sister Helen also turned 86, and Ronald celebrated his 92nd. As always, we celebrated with yummy cake, singing happy birthday, and of course, our party hats, making it a full day of celebration for each of them. Thank you to all the family members for coming and joining the fun!

We are looking forward to April and hope to see many of you visiting for Easter. As always, if you need anything at all, please do not hesitate to reach out.

Sincerely,
Judy Ragano

A Festive Day of Irish Cheer

All things green and gold filled our homes, from festive decorations and party favors to desserts and even a little extra green in everyone's outfits. We enjoyed a traditional corned beef and cabbage dinner across our homes, which made the day feel even more special. It was such a fun day of connection, and we loved seeing our newest residents join right in and feel part of the celebration.

There was so much fun energy throughout the day, and we feel so grateful and lucky to care for each and every one of our residents. They truly make our homes feel full.

Have a fun suggestion for an upcoming holiday? Let us know. We would love to hear from you.

Welcoming Carol and Current Openings

We are excited to welcome Carol to our Donna Beth home in West Covina on April 2, and we look forward to meeting her, getting everything situated, and helping her feel right at home.

As we step into spring, we're looking forward to fun music sessions and seasonal activities across our homes. We also currently have availability for a gentleman at two of our San Dimas locations.

If you know of someone who may be a good fit, please let me know. I would be happy to give them a tour.

Construction Nearly Complete at St. Jude's Donna Beth Home

We're excited to share that the renovations at our Donna Beth home in West Covina are practically complete, with just one final outdoor touch on the property still underway. It feels so nice to have everything cleaned up, refreshed, and ready for our caregivers to enjoy. These updates bring added comfort, flexibility, and a few extra amenities that will help support them in the important work they do every day. We're planning to take new professional photos and video of the home soon and will let you know once everything is updated on our website. We've also started similar renovation work at our Ben Avon home in San Dimas, and we'll keep you posted as we move through each phase. We're looking forward to continuing these upgrades to better support our caregivers and the residents they care for.
